Directions

Beat the yolks with sugar, milk, mineral water and flour mixed with baking powder. Mix in the whipped snow from the egg whites and at room temperature let rise to temperature.

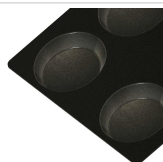

We put the pancake dough on the greased Vision Snack gastro container. In the combi oven, select the "Fries" program, let it preheat and put it in the combi oven.

Espuma - in a pot with water, rum and a chopped vanilla pod, we prepare a concoction - reduction.

Pour the cream through a fine sieve into the cooled and strained reduction and add the gelatin. Pour into the Espuma Whippa, whisk and leave in the fridge for at least 2 hours.

We serve fritters decorated with rum espuma, fruit to taste and a leaf mint.
